Uputa autorima

Kardio list (ISSN tiskanog izdanja 1846-0836; ISSN mrežnog izdanja 1846-3231) je dvojezični časopis Hrvatskog kardiološkog društva koji izlazi osam do deset puta godišnje kao mjesečno ili dvomjesečno izdanje. Svim zainteresiranim čitateljima omogućen je otvoreni pristup objavljenim priložima na hrvatskom i engleskom jeziku.

Uredništvo *Kardio lista* putem elektroničke pošte na adresu kardio@kardio.hr prima sljedeće kategorizirane ili razne priloge iz područja kardiologije na hrvatskom i/ili engleskom jeziku: znanstvene i stručne radove, pregledne radove, kratka i prethodna priopćenja, izlaganja i sažetke sa skupova, vijesti, prikaze knjiga, pisma uredniku i ostale priloge. Regularna duljina teksta, napisanog prema uputama International Committee of Medical Journal Editors (ICMJE) *Uniform Requirements for Manuscripts Submitted to Biomedical Journals* (www.icmje.org) i pohranjenog u obliku *ime_dokumenta.doc* ili *ime_dokumenta.rtf* iznosi do najviše 4.500 znakova s razmacima, osim cjelovitih, kategoriziranih članaka koji mogu biti duljine do 9.000 znakova. Kategorizacija priloga vrši se prema Uputama za uredništva časopisa koje su dostupne na portalu znanstvenih časopisa Republike Hrvatske "Hrčak" (<http://hrcak.srce.hr/>). Svi kategorizirani prilozi trebaju se sastojati od sažetka (maksimalno do 250 riječi), ključnih riječi (do 5 riječi), teksta članka koji može uključivati tablice i/ili slikovne prikaze te odjeljka literatura.

Uredništvo ima pravo kraćenja tekstova. Svi objavljeni članci predstavljaju stavove i mišljenje njihovih autora koji preuzimaju punu odgovornost za sve što je iznešeno u radu, bez odgovora na recenziju. Objavljeni materijal smije biti reproduciran uz pisanu suglasnost izdavača.

Sastavni dio oglašenog promotivnog materijala liječnika predstavljaju i cjelokupni odobreni sažetak svojstava lijeka te cjelokupna odobrena uputa, sve sukladno članku 16.

Guidelines for authors

Kardio list (ISSN of printed edition 1846-0836; ISSN of online edition 1846-3231) is a bilingual journal of the Croatian Cardiac Society that is published 8-10 times a year as a monthly or bimonthly edition. All readers showing interest in the journal have open access to texts published in Croatian and English.

The *Kardio list's* editorial office receives categorized or different texts with cardiac thematic approach in Croatian and/or English by electronic mail at kardio@kardio.hr: scientific paper, professional paper, review article, short communication, preliminary communication, conference paper, meeting abstract, news, book review, letter to the Editor, and other texts. The usual length of a text, written according to the instructions of International Committee of Medical Journal Editors (ICMJE) *Uniform Requirements for Manuscripts Submitted to Biomedical Journals* (www.icmje.org) and filed in the form of *name_document.doc* or *name_document.rtf* should not exceed 4500 characters with spaces, except for full version of texts, categorized articles that may contain up to 9000 characters. The categorization of texts is performed according to the Instructions for Journal Editorials available in the portal of scientific journals of the Republic of Croatia "Hrčak" (<http://hrcak.srce.hr/>). All categorized texts need to consist of abstracts (maximum 250 words), keywords (not exceeding 5 words), text of an article that may include tables and/or figures and literature section.

The editorial office is entitled to shortening texts. All published articles represent authors' approaches and opinions as they assume full responsibility for everything written in the article regardless of review. A published material may be reproduced with written consent by a publisher.

An integral component of advertised promotional material also represents complete approved summary of drug

i 22. Pravilnika o načinu oglašavanja i obavješćivanja o lijekovima, homeopatskim i medicinskim proizvodima (*Narodne novine* br. 62/2005). Uredništvo i izdavač ne snose odgovornost niti jamče za bilo koji od proizvoda ili oglašanih usluga.

Uputa za pisanje referencija

Za pisanje referencija u *Kardio listu* koristi se Vancouveri način citiranja. Referencije dobivaju broj prema mjestu prvog pojavljivanja u tekstu u kojem se označavaju arapskim brojkama kao eksponent npr.^{1,2-4}. U odjeljku literatura referencije se poredaju po rednom broju pojavljivanja. Vrlo je važno ispravno oblikovati referencije prema uputama koje se mogu preuzeti na adresama National Library of Medicine Citing Medicine <http://www.ncbi.nlm.nih.gov/books/bv.fcgi?rid=citmed.TOC&depth=2> ili International Committee of Medical Journal Editors Uniform Requirements for Manuscripts Submitted to Biomedical Journals: Sample References http://www.nlm.nih.gov/bsd/uniform_requirements.html.

properties and complete approved instructions, all according to Article 16 and 22 of the Regulation of advertising and informing about drugs, homeopathic and medical products (*Official Gazette* no. 62/2005). The editorial office and publisher shall neither assume any liability nor guarantee for any products or services advertised.

Instruction for writing references

Vancouver manner citing is used in *Kardio list* for writing references. References are given according to a place of the first appearance in the text in which they are designated with Arabian numbers as an exponent such as^{1,2-4}. In the literature section, references are listed according to ordinal number of their appearance. It is very important to properly design references according to instructions that may be downloaded from addresses National Library of Medicine Citing Medicine <http://www.ncbi.nlm.nih.gov/books/bv.fcgi?rid=citmed.TOC&depth=2> or International Committee of Medical Journal Editors Uniform Requirements for Manuscripts Submitted to Biomedical Journals: Sample References http://www.nlm.nih.gov/bsd/uniform_requirements.html.
