

Belgrade-Zagreb

22.11.2025

ECHO DIASTOLOGY CONSILIUM 2025.

Dear colleagues,

We invite you to take part in **EchoDiastology Consilium 2025** – a unique hybrid symposium, streamed live from Zagreb and Belgrade, bringing together leading cardiology experts from Croatia, Serbia, Slovenia, Montenegro, and Bulgaria.

This year's program,

"Deep dive into HFpEF: beyond algorithms and scores – from pathophysiology to diagnostic mastery and therapeutic guidance",

will guide you through the complexities of diastolic function with interactive lectures, live echocardiography workshops, and real-life case-based discussions, delivering practical insights and bridging cutting-edge science with clinical application.

Date and format:

22.11.2025. – hybrid format (live from Zagreb & Belgrade, broadcast throughout Southeast Europe).

The symposium will feature interactive expert-led sessions, real-life case analyses, and opportunities for discussion and professional exchange.

EchoDiastology Consilium 2025 is organized with the support of Edumedglobal&MedScape and is fully accredited by EBAC, offering CME credits for all registered participants.

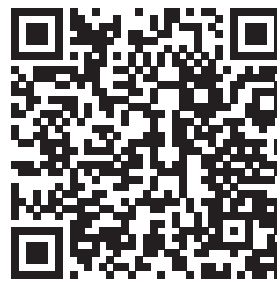

REGISTER NOW to secure your place among leading experts in the region:
